

**Terje Paulsen**

# **Automotive Supplier Strategies**

**Early Technology Involvement with  
Original Equipment Manufacturers**

**A Strategic Management Issue for Suppliers**

## **Table of Contents**

**Table of Contents 3**

**Overview of Charts 5**

**Overview of Tables 6**

### **1. Problem Description and Research Goals**

- 1.1. Introduction 8
- 1.2. Justification of the Topic Including Research Goals 9
- 1.3. Scope and Limitations 10
- 1.4. Body of the Report 13

### **2. Conceptual Framework**

- 2.1. Network Overview 15
- 2.2. Industrial Supplier Networks and Relationship Management 16
- 2.3. Strategy and Technology Management 19
- 2.4. Summary of Chapter 2 21

### **3. Competitive Partner Network and General Environment**

- 3.1. Generic OEM and Supplier Network 22
- 3.2. General Environmental Trends 25
- 3.3. Outsourcing Trends of OEMs 26
- 3.4. Summary of Chapter 3 28

### **4. OEM-Technology Management in the Automotive Industry**

- 4.1. Core Competencies 29
- 4.2. Technology Strategies 30
- 4.3. New Product Development Process Trends 31
- 4.4. Make, Buy or Co-operative Strategies 37
- 4.5. Supplier Integrating Strategies 39
- 4.6. Summary of Chapter 4 42

### **5. Supplier Strategies Towards OEMs**

- 5.1. Core Competencies 43
- 5.2. Technology Strategies 44
- 5.3. Degree of Innovation and Early Technology Involvement (ETI) 49
- 5.4. Involvement in OEMs' NPD-Process 50
- 5.5. Summary of Chapter 5 56

### **6. ETI-Framework for Suppliers with OEM**

- 6.1. Introduction 56
- 6.2. Early Technology Involvement with OEMs 60
  - 6.2.1. Goals and Risks with ETI 60
  - 6.2.2. Intensity of ETI (Early Technology Involvement) 62
  - 6.2.3. Actors Involved in ETI 64
  - 6.2.4. Relationalism 65
  - 6.2.5. Informal Coordination Mechanisms 68
  - 6.2.6. Structural and Process Oriented Coordination Mechanisms 69
  - 6.2.7. Summary of the Generated Research Hypotheses 72

### **7. Conclusion of the Literature Review and Empirical Research Design**

- 7.1. Conclusion of the Literature Review 73
- 7.2. Research Design for the Empirical Research 73

7.3 Main Statistical Methods Used 75

7.4 Interviewed Automotive Suppliers in Switzerland 76

## **8. Interpretation and Evaluation of Empirical results**

8.1 Automotive Suppliers in Switzerland 78

8.1.1 Economical Importance of the Swiss Automotive Industry 78

8.1.2 Supplied Products and Functional Segments 78

8.1.3 Position and Roles in the Value Chain 81

8.2 General Environmental Factors 82

8.3 OEMs Strategies, Structures and Behavior 85

8.3.1 Cooperation with Suppliers 85

8.3.2 OEMs Business Strategy 88

8.4 Supplier Strategies, Structures and Behavior 89

8.4.1 Supplier Strategies towards OEM 89

8.5 Early Technology Involvement with OEMs 97

8.5.1 Defining Supplier Success 97

8.5.2 Involvement with OEMs at an Early Development Stage 98

8.5.3 Goals and Risks 100

8.5.4 Behavior 102

8.5.4.1 Intensity 102

8.5.4.2 Actors 105

8.5.4.3 Relationalism and Conflict Solution Methods 111

8.5.4.4 Informal Coordination Structures 120

8.5.4.5 Structural Coordination Structures 122

8.6 Summary of Chapter 8 129

## **9. Managerial Implications on How to Apply ETI as a Strategic Tool**

9.1 Own Model as a Basis 131

9.2 Involvement in OEMs NPD Process 132

9.3 ETI - Goals and Strategies 135

9.3.1 Goals and Strategies 135

9.3.2 Functional and Behavioural Strategies 139

9.4 Coordination Structures 148

9.5 Summary: A Strategic Tool to Help Suppliers 154

9.5.1 ETI as a Management Tool 154

9.5.2 ETI as a Marketing Tool 163

## **10. Proposal for Future Research Projects 165**

## **11. Works Cited 166**

## **12. Abbreviations 174**

## **13. Interviewed Companies 175**
