Detailed Table of Contents

| | |
|---|-----------|
| List of Active Learning Exercises | xv |
| Preface | xvii |
| Acknowledgments | xxi |
| 1 Studying Social Psychology | 1 |
| Introducing and defining social psychology | 1 |
| <i>Establishing Causality: The Importance of Experimentation in Social Psychology</i> | 3 |
| Levels of Explanation: Social Psychology's Relation to Other Fields of Inquiry | 5 |
| <i>Personality Psychology's Relation to Social Psychology</i> | 7 |
| The Scientific Method: Doing Social Psychology | 8 |
| Why? Social Psychology is Social | 12 |
| <i>Social Thought</i> | 12 |
| <i>Social Influence</i> | 12 |
| <i>Social Connections</i> | 13 |
| Where? The Lab and the Field | 13 |
| <i>The Lab</i> | 13 |
| <i>The Field</i> | 14 |
| <i>One More Distinction: Basic and Applied Research</i> | 15 |
| Social Psychologists Today | 16 |
| <i>Active Learning Exercise 1A: Learning About Active Social Psychologists</i> | 17 |
| Learning Research Methods for Social Psychology | 18 |
| <i>Active Learning Exercise 1B: Planning a Research Project in Social Psychology</i> | 19 |
| Exercises | 20 |
| 2 Developing Research Topics in Social Psychology | 21 |
| The Scope of Social Psychology | 22 |
| <i>Traditional Topics and New Avenues for Research</i> | 24 |
| <i>Extending Earlier Research</i> | 27 |
| Finding a Research Question | 27 |

| | |
|---|-----------|
| <i>Self-Reflection</i> | 27 |
| <i>Explore but Verify Hindsight</i> | 28 |
| <i>Your Campus</i> | 28 |
| <i>Your Community</i> | 29 |
| <i>Look to the Media</i> | 29 |
| <i>The Wider World</i> | 30 |
| <i>Ask an Expert</i> | 31 |
| <i>The World Wide Web</i> | 31 |
| <i>Watch Other People</i> | 32 |
| <i>Other Sources for Research Ideas</i> | 32 |
| <i>Active Learning Exercise 2A: Developing Topic Ideas by Brainstorming</i> | 33 |
| <i>Active Learning Exercise 2B: Keeping a Social Psychology Log</i> | 34 |
| Searching the Social Psychological Literature | 35 |
| <i>Searching for Sources Online</i> | 37 |
| <i>Searching Your Library</i> | 40 |
| <i>Seeking Help: Speak to Reference Professionals</i> | 40 |
| <i>Exercise 2C: Maintaining a Bibliography and Organizing Sources</i> | 41 |
| Reading Social Psychology Research | 42 |
| <i>Borrowing Ideas from Published Social Psychology Experiments</i> | 44 |
| Exercises | 45 |
| 3 Ethical Issues in Social Psychological Research | 47 |
| Milgram's Obedience Research | 49 |
| <i>Other Ethically Challenging Examples</i> | 52 |
| The Problem of Deception in Social Psychology Experiments: Balancing Benefits and Costs | 53 |
| <i>Arguments for Using Deception; Some Benefits</i> | 55 |
| <i>Arguments Against Using Deception: The Costs</i> | 57 |
| <i>The Special Role of Confederates</i> | 58 |
| Labels Do Matter: Participants, Not Subjects | 59 |
| Institutional Review Boards | 61 |
| <i>Active Learning Exercise 3A: Forming an In-Class IRB</i> | 64 |
| <i>Active Learning Exercise 3B: Completing an IRB Form</i> | 65 |
| Informed Consent is Essential | 66 |
| <i>Confidentiality</i> | 67 |
| <i>Obtaining Informed' Consent</i> | 68 |
| <i>Active Exercise 3C: Creating an Informed Consent Form for Your Project</i> | 68 |
| Ethical Issues and Field Research | 71 |
| Shared Virtues: Ethical Treatment, Education, and Science | 72 |
| A Last Word on Ethics? | 73 |
| Exercises | 73 |

| | |
|---|------------|
| 4 Basic Experimental Design | 75 |
| The Logic of Experimentation. | 76 |
| <i>The Advantages of Experiments</i> | 79 |
| <i>Why Experiments Matter in Social Psychology</i> | 80 |
| Turning a Research Question into a Hypothesis | 81 |
| <i>Operational Definitions in Social Psychological Research</i> | 82 |
| <i>Active Learning Exercise 4A: Writing an Operational Definition</i> | 83 |
| Independent and Dependent Variables | 84 |
| <i>Active Learning Exercise 4B: Identifying Independent and Dependent Variables in Social Psychology Experiments</i> | 86 |
| Doing Randomization in Social Psychology Experiments | 87 |
| <i>Issues of Error</i> *** | 87 |
| <i>Sampling and Randomization</i> | 90 |
| <i>Active Learning Exercise 4C: Performing Random Assignment and Random Selection</i> | 93 |
| Common Experimental Designs in Social Psychology | 96 |
| <i>Between-Subjects Research Designs</i> | 96 |
| <i>Active Learning Exercise 4D: Recognizing Main Effects And Interactions</i> | 103 |
| <i>Within-Subjects Research Designs</i> | 105 |
| <i>Joining Between- and Within-Subject Variables: Mixed Designs</i> | 109 |
| Design Matters | 109 |
| Exercises | 109 |
| | |
| 5 Alternatives to Experimental Research in Social Psychology | 111 |
| Leaving the Comfort of the Lab: Problems and Prospects | 114 |
| Observational Research | 115 |
| <i>Active Learning Exercise 5A: Designing and Conducting an Observational Study</i> | 116 |
| Correlational Approaches | 117 |
| <i>Active Learning Exercise 5B: Conducting a Correlational Study on Personality</i> | 120 |
| Quasi-Experimental Research Designs | 122 |
| <i>Nonequivalent Group Designs</i> | 124 |
| <i>Time Series Designs</i> | 125 |
| Survey Research -- " | 129 |
| <i>Approaches to Surveying Opinion</i> ,' | 129 |
| Experience Sampling Methods and Diary Approaches | 130 |
| <i>Active Learning Exercise 5C: Conducting an ESM Study</i> | 131 |
| <i>Dear Diary: An Example</i> | 132 |
| Internet-Based Research | 133 |
| <i>Internet Ethics</i> n | 134 |
| <i>Time, Participant Loss, and Sampling Issues</i> | 135 |

| | | |
|----------|---|------------|
| | <i>An Internet-Based Example: Online Character Pre and Post September 11, 2001</i> | 136 |
| | Archival Research and Meta-Analysis " | 139 |
| | <i>Summarizing Studies of Social Behavior: Meta-Analysis</i> | 144 |
| | Conclusions | 146 |
| | Exercises' | 146 |
| 6 | Developing Questionnaires and Surveys | 149 |
| | Caveat Emptor: Let the (Jam) Buyer Beware | 150 |
| | The Obvious Advantage of Asking Questions | 152 |
| | Sampling Issues | 153 |
| | <i>Probability and Nonprobability Samples</i> | 154 |
| | Scales of Measurement | 157 |
| | <i>Nominal Scales</i> | 157 |
| | <i>Ordinal Scales</i> | 158 |
| | <i>Interval Scales</i> | 158 |
| | <i>Ratio Scales</i> | 159 |
| | Types of Questions: Open-Ended and Close-Ended | 159 |
| | <i>Open-Ended Questions</i> | 160 |
| | <i>Close-Ended Questions</i> r | 161 |
| | -* <i>The Most Common and Useful Numerical Scale: The Likert Scale</i> | 162 * |
| | Writing Clear Questions | 164 |
| | <i>Phrasing</i> | 166 |
| | <i>Sequencing Questions</i> | 170 |
| | <i>Being Sensitive</i> | 172 |
| | <i>Last Words on Wording for Questionnaires and Surveys</i> | 173 |
| | Active Learning Exercise 6A: Writing and Revising Questions | 174 |
| | Active Learning Exercise 6B: Pilot Testing Questions | 175 |
| | Social Desirability Concerns, Halo Effects, and Yea-Saying | 175 |
| | <i>We Like to be Liked</i> | 176 |
| | <i>Likes or Dislikes Can Matter</i> | 178 |
| | <i>Yes, Yes, A Thousand Times, Yes</i> | 178 |
| | <i>Anonymity or Identity?</i> | 179 |
| | Questionnaire and Surveys as Precursors to Experiments | 180 |
| | Exercises | 180 |
| 7 | Introducing a Difference: Independent Variables | 183 |
| | Conceiving Independent Variables | 185 |
| | <i>Types of Independent Variables</i> > | 187 |
| | <i>Can One Operationalization of an Independent Variable Represent all Possibilities?</i> " | 189 |
| | Providing Context for the Independent Variable: Instructions | 190 |
| | <i>Plan for Piloting</i> | 191 |
| | Delivering the Independent Variable | 192 |
| | <i>Delivery via Authority: The Experimenter</i> | 192 |

| | |
|--|-----|
| <i>Personal Delivery: Confederates and Peers</i> | 193 |
| <i>Written Delivery</i> | 194 |
| <i>Other Forms of Delivery</i> | 195 |
| <i>One More Time: Instruct, Repeat, and Probe</i> | 196 |
| <i>Active Learning Exercise 7A: Developing Independent Variables</i> | 196 |
| How Many Independent Variables? A Reprise | 197 |
| Individual Differences as Independent Variables: Prospects and Problems | 198 |
| Verifying Cause and Effect: Manipulation Checks | 199 |
| <i>Active Learning Exercise 7B: Developing a Manipulation Check</i> | 201 |
| The Best Laid Plans (and Independent Variables) | 202 |
| <i>Perform an Internal Analysis</i> ** | 202 |
| <i>Ask Participants but be Wary</i> | 203 |
| <i>Impact: Increase Obyiousness</i> | 204 |
| <i>Reconsider the Hypothesis</i> | 205 |
| Keep a Causal Focus | 206 |
| Exercises | 206 |
| Measuring What Happens: Dependent Variables | 207 |
| Behavioral Dependent Measures | 208 |
| <i>Measuring What People Do</i> | 211 |
| <i>Measuring Intentions and Future Commitments</i> | 214 |
| <i>Behavioral Measures in Disguise: Unobtrusive Measures</i> | 215 |
| <i>Active Learning Exercise 8A: Creating Creative Dependent Measures</i> | 217 |
| Verbal Measures | 218 |
| <i>Varieties of Verbal Measures Revisited</i> | 219 |
| <i>Some Additional Verbal Dependent Measures</i> | 222 |
| Other Types of Dependent Measures | 224 |
| <i>Nonverbal Measures</i> | 224 |
| <i>Implicit Measures</i> n | Tib |
| <i>Physiological Measures</i> | 225 |
| <i>False Physiological Feedback: The Bogus Pipeline</i> | 227 |
| <i>Narrative Approaches</i> | 227 |
| Some Practical Issues for Administering Dependent Variables | 227 |
| <i>Active Learning Exercise 8B: Developing Dependent Variables by Looking to the Literature</i> | 229 |
| Reliabilityland Dependent Variables | 230 |
| Exercises | 231 |
| Validity and Realism in Research | 233 |
| Trusting Research Evidence: Demonstrating Internal Validity | 235 |
| <i>General Threats to Internal Validity</i> | 237 |
| <i>Reprise: Ways to Enhance a Study's Internal Validity</i> | 240 |

| | |
|---|-----|
| Generalizing to Other Settings: External Validity | 240 |
| <i>External Validity via Replication</i> | 241 |
| <i>College Sophomores as Threats to External Validity</i> | 242 |
| <i>Context Matters</i> | 243 |
| <i>Enhancing External Validity</i> | 244 |
| <i>In Praise of External Invalidity</i> | 245 |
| The Social Psychologist's Challenge: Trade-Offs Between Internal and External Validity | 246 |
| <i>Active Learning Exercise 9A: Evaluating Your Project's Internal and External Validity</i> | 247 |
| Making It Real: Mundane, Experimental, and Psychological Realism | 248 |
| <i>Active Learning Exercise 9B: Enhancing Mundane and Experimental Realism</i> | 251 |
| (Re)Considering Construct Validity | 252 |
| <i>Beyond Construct Validity</i> | 253 |
| Validity and Realism via Replication | 254 |
| Exercises | 254 |
| 10 Conducting Social Psychology Experiments: Practical Matters | 257 |
| Setting the Stage | 259 |
| <i>Deception Revisited: Think Carefully Before You Decide to Deceive Participants</i> | 260 |
| Recruiting Participants | 261 |
| <i>Active Learning Exercise 10A: Participant Pools, Sign-Up Sheets, and Giving Credit</i> | 261 |
| Demand Characteristics | 264 |
| Reducing Experimenter Biases | 265 |
| <i>Active Learning Exercise 10B: Writing a Script for Your Study</i> | 268 |
| Record Keeping | 271 |
| <i>Active Learning Exercise 10C: Creating a Data Record Sheet</i> | 272 |
| Conducting a Postexperimental Interview | 273 |
| <i>On the Rare Occasion When Deception is Necessary</i> | 274 |
| <i>Active Learning Exercise 10D: Crafting a Debriefing Protocol</i> | 275 |
| <i>Active Learning Exercise WE: Writing a Debriefing Sheet</i> | 276 |
| Closing Thought: The Important Role of Pilot Testing | 278 |
| Exercises | 278 |
| 11 Data Analysis | 279 |
| Basic Statistics | 281 |
| <i>Mean, Mode, and Median</i> | 282 |
| <i>Variance and Standard Deviation</i> | 284 |
| <i>Correlation: A Reprise</i> | 285 |
| <i>Some Brief Comments on Statistical Power and Effect Size</i> | 286 |

| | |
|--|------------|
| The Role of Data Analysis in Social Psychological Research | 287 |
| <i>Plan Analyses in Advance</i> | 288 |
| <i>Active Learning Exercise 11 A: Planning Data Analyses and Selecting the Proper Statistical Test(s)</i> | 289- |
| <i>Selecting a Statistical Test</i> | 290 |
| <i>After the Data are Collected</i> | 292 |
| Interpreting and Reporting Results | 292 |
| <i>Stereotype Threat Revisited</i> | 293 |
| <i>Active Learning Exercise 1 IB: Putting Results into Words</i> | 296 |
| Learning from Success, Learning from Failure | 298 |
| Exercises | 298 |
| 12 Presenting Social Psychological Research | 299 |
| Persuasive Communication | 300 |
| Writing Like a Social Psychologist: A Matter of (APA) Style | 302 |
| <i>Learning a Writing Style</i> | 302 |
| <i>Sections Found in APA-Style Papers</i> | 303 |
| <i>Title</i> | 305 |
| <i>Abstract</i> | 307 |
| <i>Introduction</i> | 308 |
| <i>Method</i> | 310 |
| <i>Results</i> | 313 |
| <i>Discussion</i> | 314 |
| <i>References</i> | 316 |
| <i>Tables and Figures</i> | 318 |
| <i>Appendix</i> | 319 |
| <i>Author Note</i> | 319 |
| <i>Additional Formatting Guidelines</i> | 320 |
| <i>Active Learning Exercise 12A: Drafting an APA-Style Lab Report of Your Social Psychology Project</i> | 320 |
| <i>Seeking Feedback on Your Writing</i> | 322 |
| Preparing a Poster Summary | 323" |
| <i>Active Learning Exercise 12B: Making a Poster</i> | 326 |
| Enter Talking: Preparing and Delivering Oral Research Presentations | 326 |
| <i>Preparing a Talk</i> | 327 |
| <i>Active Learning Exercise 12C: Giving Social Psychology Away via Audience Handouts</i> | 329 |
| <i>Active Learning Exercise 12D: Host a Paper or Poster Session</i> | 330 |
| Parting Thoughts. | 331 |
| Exercises | 331 |
| Appendix A Major Journals in Social Psychology | 333 |
| Appendix B Reading Journal Articles in Social Psychology | 335 |

xiv *Detailed Table of Contents*
