## Part I Introduction

### and Sustainability In Microfinance

3

#### *Introduction*

1.1 Promise and achievements

3

1.2 Efficiency in the microfinance industry

9

1.3 Efficiency: the concept

11

1.4 **Applicability** (if efficiency concepts

in microfinance\*)

14

1.5 Efficiency versus financial sustainability

15

1.6 Structure of this book

20

## V Part II Conceptual Framework

2 Poverty and Inequality

27

*Amadou Thierno Diop, Isabel? Hilifnkamp and*

*Seve!*

2.2 Defining and measuring poverty

29

2.3 How microfinance can help reduce poverty

33

2.4 Poorly designed and financial

performance

37

2.5 Can microfinance reach the poor?

40

2.6 The [microfinance] side-effects: Increased

disparities

42

Poverty Reduction through Microfinance:  
A Capability Perspective

*Ftavio Coinirn*

- 3.1 Introduction
- 3.2 Who are the poor? What are the
- 3.3 Positive
- 3.4 Negative
- 3.5 A capability perspective

Achieving Poverty Outreach, Impact and Sustainability:  
Managing Trade-offs in Microfinance

*Anton Simwiz*

- 4.1 Introduction: social and financial objectives
- 4.2 Trade-offs
- 4.3 Managing trade-offs
- 4.4

5 Smart S

*Jonathan Moritueft*

- 5.1 Subsidies and microfinance
- 5.2 Valuing subsidies
- 5.3 'Crowding in' and 'Crowding out'
- 5.4 Conclusions

## Part III Empirical Analysis

Efficiency in Microfinance Institutions: An  
Application of Data Envelopment Analysis  
to MLK in Peru

*Yves Fliicklger and Anatoli Vassiliev*

- 6.1 Introduction
- 6.2 Efficiency in MFIs' performance evaluation
- 6.3 Performance analysis methodology
- 6.4 Data envelopment analysis, variable construction
- 6.5 Efficiency analysis with the DEA
- 6.6 Conclusions

Efficiency In Financial Intermediation: Theory and Empirical Measurement 111  
*Timofeev and Bivk*

7.1 Introduction 111

7.2 Interest spreads and credit rationing: theory 112

7.3 Interest spreads and credit rationing: cross-country evidence 116

7.4 Decomposing spreads 117

7.5 Explaining spreads 120

7.6 Conclusions and policy lessons 123

Efficiency Drivers and Constraints; Empirical Findings 126  
*Yousuf and Hurried*

8.1 Introduction 126

8.2 Methodology 126

8.3 The data 127

8.4 M cluster 129

8.5 Performance drivers and strategies 138

8.6 Conclusions 140

Measuring the Performance of MFIs: An Application of Factor Analysis 153  
*Giirvanni Ferro Xuzzi and Sytva Wcbet*

9.1 Introduction 153

9.2 The data 154

9.3 Factor analysis: theory and practice 155

9.4 Cluster analysis 161

9.5 Assessing microfinance performance 166

9.6 Conclusions 169

Part IV Selected Country Studies

10 Contextual Factors in Financial Inclusion: Outreach and Financial Performance: The Case of Mali 173  
*Reina Sena, Fubrii Bothami Milasoa Cheref-Robswi*

10.1 Introduction 173

10.2 Domestic contextual factors: implications 174

- 103 External factors: the implications of subsidy withdrawal
- 10.4 Conclusion
  
- 11 *CunlEfitudl FdCtuni Determining Poverty Outreach an<i Financial Performance: Tlic Case of Morocco*  
*\$aad Mali Mfknassi*
  - 11.1 Intioduciiion
  - 11.2 Li s(i Lul ional context.
  - 11..1 Support liy hdiiks
  - 11.4 Subsidies
  - 11.5 Conclusion
  
- 12 *Contextual Factors Determinitis Poverty Outreach anil FinanLial PerfomlaiiLL!:*  
*t Hastfm l^urope and llentml Asia*
  - 12.1
  - 12.2 Access to resources
  - 12.3 Financial performance
  - 12.4 Social ji<fc>nnance

*Auitinnm^ £uh\idi\*?s: Chile's ' (Tprtlr I'rogram'*  
*Vito Scianifia Meri'w*

  - 1A.1 Introduction
  - 13.1 Micinpnterprir<es in Chile
  - 13.3 Has the PAC achieved its goals?
  - 13.4 Conclusions
  
- PirtV Conclusions**
  
- 14 *Pnllry Implicratinns*  
*Bewd Bal&Hl }0!*
  - 14.1 Global donor support to microfinance
  - 14.2 Weight of subsidies in mti.-rnfinance
  - 14.3 What prompts public policy support to
  - 14.4 General cflccls of public polLcy on efficiency  
- in Tnirnifinance at the "lechiral level

14.5	Support measures affecting the efficiency of individual MFIs	221
<b>14.6</b>	<b>The way forward<sup>1</sup> how to support the interest of class and the others</b>	227
<i>Annex I</i>	<i>The GFAN Survey</i>	230
