

Mixed Methods Readers

Vicki L. Plano Clark • John W. Creswell
University of Nebraska-Lincoln

HOCHSCHULE
• LIECHTENSTEIN
Bibliothek

SAGE Publications
Los Angeles • London • New Delhi » Singapore

Contents

List of Editors' Introduction Figures	xiv
Introduction	xv
Purpose of the <i>Reader</i>	xvi
Audience	xvi
Organization	xvii
Acknowledgments	xviii
Part I. Methodological Selections	1
1. The Evolution of Mixed Methods Research	5
<i>Selection:</i> Tashakkori, A., & Teddlie, C. (1-998). Introduction to mixed method and mixed model studies in the social and behavioral sciences'. In <i>Mixed methodology: Combining qualitative and quantitative approaches</i> (pp. 3-19). Thousand Oaks, CA: Sage.	5
<i>Editors' Introduction</i>	5
Discussion Questions and Applications	6
Related References That Extend the Topic	6
Selected Reading: <i>Introduction to Mixed Method and Mixed Model Studies in the Social and Behavioral Sciences</i>	7
2. Pragmatism as a Philosophical Foundation for Mixed Methods Research	27
<i>Selection:</i> Morgan, D. L. (2007). Paradigms lost and pragmatism regained:- Methodological implications of combining qualitative and quantitative methods. <i>Journal of Mixed Methods Research, 1(1)</i> , 48-76.	27
<i>Editors' Introduction</i>	27
Discussion Questions and Applications	28

Related References That Extend the Topic	28
Selected Reading: <i>Paradigms Lost and Pragmatism Regained: Methodological Implications of Combining Qualitative and Quantitative Methods</i>	29
3. The Transformative-Emancipatory Perspective as a Philosophical Foundation for Mixed Methods Research	66
<i>Selection:</i> Mertens, D. M. (2003). Mixed methods and the politics of human research: The transformative-emancipatory perspective. In A. Tashakkori & C. Teddlie (Eds.), <i>Handbook of mixed methods in social and behavioral research</i> (pp. 135-164). Thousand Oaks, CA: Sage.	66
<i>Editors' Introduction</i>	66
Discussion Questions and Applications	67
Related References That Extend the Topic	67
Selected Reading: <i>Mixed Methods and the Politics of Human Research: The Transformative-Emancipatory Perspective</i>	68
4. Triangulation as the First Mixed Methods Design	105
<i>Selection:</i> Jick, T. D. (1979). Mixing qualitative and quantitative methods: Triangulation in action. <i>Administrative Science Quarterly</i> , 24, 602-611.	105
<i>Editors' Introduction</i>	105
Discussion Questions and Applications	106
Related References That Extend the Topic	106
Selected Reading: <i>Mixing Qualitative and Quantitative Methods: Triangulation in Action</i>	107
5. Identifying the Purposes for Mixed Methods Designs	119
<i>Selection:</i> Greene, J. G., Caracelli, V. J., & Graham, W. F. (1989). Toward a conceptual framework, for mixed-method evaluation designs. <i>Educational Evaluation and Policy Analysis</i> , 11 (3), 255-274.	119
<i>Editors' Introduction</i>	119
Discussion Questions and Applications	120
Related References That Extend the Topic	120
Selected Reading: <i>Toward a Conceptual Framework for Mixed-Method Evaluation Designs</i>	121
6. A Notation System for Mixed Methods Designs	149
<i>Selection:</i> Morse, J. M. (1991). Approaches to qualitative-quantitative methodological triangulation. <i>Nursing Research</i> , 40, 120-123.	149

<i>Editors' Introduction</i>	149
Discussion Questions and Applications	150
Related References That Extend the Topic	150
Selected Reading: <i>Approaches to Qualitative-Quantitative Methodological Triangulation</i>	151
7. An Expanded Typology for Classifying Mixed Methods Research Into Designs	159
<i>Selection:</i> Creswell, J. W., Piano Clark, V. L., Gutmann, M. L., & Hanson, W. E. (2003). Advanced mixed methods research designs. In A. Tashakkori & C. Teddlie (Eds.), <i>Handbook of mixed methods in social and behavioral research</i> (pp. 209-240). Thousand Oaks, CA: Sage.	159
<i>Editors' Introduction</i>	159
Discussion Questions and Applications	160
Related References That Extend the Topic	160
Selected Reading: <i>Advanced Mixed Methods Research Designs</i>	161
8. Different Sampling Techniques for Mixed Methods Studies	197
• <i>Selection:</i> Teddlie, C, & Yu, F. (2007). Mixed methods sampling: A typology with examples. <i>Journal of Mixed Methods Research</i> , 2(1), 77-100.	197
<i>Editors' Introduction</i>	197
Discussion Questions and Applications	198
Related References That Extend the Topic	198
Selected Reading: <i>Mixed Methods Sampling: A Typology with Examples</i>	199
9. Data Analysis Strategies in Mixed Methods Research	229
<i>Selection:</i> Caracelh, V. J., & Greene, J. C. (1993). Data analysis strategies for mixed-method evaluation designs. <i>Educational Evaluation and Policy Analysis</i> , 15(2), 195-207.	229
<i>Editors' Introduction</i>	229
Discussion Questions and Applications	230
Related References That Extend the Topic	230
Selected Reading: <i>Data Analysis Strategies for Mixed-Method Evaluation Designs</i>	231
10. Expanding the Reasons for Conducting Mixed Methods Research	251
<i>Selection:</i> Bryman, A. (2006). Integrating quantitative and qualitative research: How is it done? <i>Qualitative Research</i> , 6(1), 97-113.	251

<i>Editors' Introduction</i>	251
Discussion Questions and Applications	252
Related References That Extend the Topic	252
<i>Integrating Quantitative and Qualitative Research: How Is It Done?</i>	253
11. Types of Legitimation (Validity) in Mixed Methods Research	271
<i>Selection: Onwuegbuzie, A. J., & Johnson, R. B.. (2006). The validity issue in mixed research. Research in the Schools, 13(1), 48-63.</i>	271
<i>Editors' Introduction</i>	271
Discussion Questions and Applications	272
Related References That Extend the Topic	272
Selected Reading: <i>The Validity Issue in Mixed Research</i>	273
12. Powerful Rhetorical Devices Used in Writing Mixed Methods Research	299
<i>Selection: Sandelowski, M. (2003). Tables or tableaux? The challenges of writing and reading mixed methods studies. In A. Tashakkori & C. Teddlie (Eds.), Handbook of mixed methods in social and behavioral research (pp. 321-350). Thousand Oaks, CA: Sage.</i>	299
<i>Editors' Introduction</i>	299
Discussion Questions and Applications	300
Related References That Extend the Topic	300
Selected Reading: <i>Tables or Tableaux? The Challenges of Writing and Reading Mixed Methods Studies</i>	301
13. An Improved Role for Qualitative Research in Mixed Methods	337
<i>Selection: Howe, K. R. (2004). A critique of experimentalism. Qualitative Inquiry, 10, 42-61.</i>	337
<i>Editors' Introduction</i>	337
Discussion Questions and Applications	338
Related References That Extend the Topic	338
Selected Reading: <i>A Critique of Experimentalism</i>	339
14. An Alternative to Reconciling the Different Realities of Qualitative and Quantitative Research	361
<i>Selection: Sale, J. E., Lohfeld, L. K., & Brazil, K. (2002). Revisiting the quantitative-qualitative debate: Implications for mixed-methods research. Quality & Quantity, 36, 43-53.</i>	361

<i>Editors' Introduction</i>	361
Discussion Questions and Applications	362
Related References That Extend the Topic	362
Selected Reading: <i>Revisiting the</i> <i>Quantitative-Qualitative Debate:</i> <i>Implications for Mixed-Methods Research</i>	363
Part II. Exemplar Research Studies	375
Discussion Questions for Exemplar Research Studies	378
15. A Concurrent/Triangulation Mixed Methods Design With Merged Results	379 —
<i>Selection:</i> Luzzo, D. A. (1995). Gender differences in college students' career maturity and perceived barriers in career development. <i>Journal of Counseling & Development</i> , 73, 319-322.	379
<i>Editors' Introduction</i>	379
Selected Reading: <i>Gender Differences in College Students' Career Maturity and Perceived Barriers in Career Development</i>	381
16. A Concurrent/Triangulation Mixed Methods Design With Data Transformation	391
<i>Selection:</i> Idler, E. L., Hudson, S. V., & Leventhal, H. (1999). The meanings of self-ratings of health: A qualitative and quantitative approach. <i>Research on Aging</i> , 21(3), 458-476.	391
<i>Editors' Introduction</i>	391
Selected Reading: <i>The Meanings of Self-Ratings of Health: A Qualitative and Quantitative Approach</i>	393
17. An Embedded Experimental Before-Intervention Mixed Methods Design	411
<i>Selection:</i> Donovan, J., Mills, N., Smith, M., Brindle, L., Jacoby, A., Peters, T., Frankel, S., Neal, D., & Hamdy, F. (2002). Improving design and conduct of randomized trials by embedding them in qualitative research: ProtecT (prostate testing for cancer and treatment) study. <i>British Medical Journal</i> , 325, 766-769.	411
<i>Editors' Introduction</i>	411
Selected Reading: <i>Improving Design and Conduct of Randomized Trials by Embedding Them in Qualitative</i>	

	<i>Research: ProtecT (Prostate Testing for Cancer and Treatment) Study</i>	413
18. An Embedded Experimental During-Intervention Mixed Methods Design		426
	<i>Selection: Victor, C. R., Ross, F., & Axford, J. (2004). Capturing lay perspectives in a randomized control trial of a health promotion intervention for people with osteoarthritis of the knee. Journal of Evaluation in Clinical Practice, 10(1), 63-70.</i>	426
	<i>Editors' Introduction •</i>	426
	<i>Selected Reading: Capturing Lay Perspectives in a Randomized Control Trial of a Health Promotion Intervention for People With Osteoarthritis of the Knee</i>	429
19. An Embedded Experimental After-Intervention Mixed Methods Design		442
	<i>Selection: Messer, L., Steckler, A., & Dignan, M. (1999). Early detection of cervical cancer among Native American women: A qualitative supplement to a quantitative study. Health Education & Behavior, 8(26), 547-562.</i>	442
	<i>Editors' Introduction</i>	442
	<i>Selected Reading: Early Detection of Cervical Cancer Among Native American Women: A Qualitative Supplement to a Quantitative, Study</i>	444
20. A Sequential Explanatory Mixed Methods Design to Explain Findings		466
	<i>Selection: Way, N., Stauber, H. Y., Nakkula, M. J., & London, P. (1994). Depression and substance use in two divergent high school cultures: A quantitative and qualitative analysis. Journal of Youth and Adolescence, 23(3), 331-357.</i>	466
	<i>Editors' Introduction</i>	466
	<i>Selected Reading: Depression and Substance Use in Two Divergent High School Cultures: A Quantitative and Qualitative Analysis</i>	469
21. A Sequential Explanatory Mixed Methods Design With Participant Selection		497
	<i>Selection: Thogersen-Ntoumarii, C, & Fox, K. R. (2005). Physical activity and mental well-being</i>	

typologies in corporate employees: A mixed methods approach. <i>Work & Stress</i> , 19(1), 50-67.	497
Editors' Introduction	497
Selected Reading: <i>Physical Activity and Mental Well-Being Typologies in Corporate Employees: A Mixed Methods Approach</i>	500
22. A Sequential Exploratory Mixed Methods Design With Instrument Development	525
Selection: Milton, J., Watkins, K. E., Studdard, S. S., & Burch, M. (2003). The ever widening gyre: Factors affecting change in adult education graduate programs in the United States. <i>Adult Education Quarterly</i> , 54(1), 23-41.	525
Editors' Introduction	525
Selected Reading: <i>The Ever Widening Gyre: Factors Affecting Change in Adult Education Graduate Programs in the United States</i>	527
23. A Sequential Exploratory Mixed Methods Design to Generate and Test a Model	549
Selection: Richter, K. (1997). Child care choice in urban Thailand: Qualitative-and quantitative evidence of the decision-making process. <i>Journal of Family Issues</i> , 18(2), 174-204.,	549
Editors' Introduction	549
Selected Reading: <i>Child' Care Choice in Urban Thailand: Qualitative and Quantitative Evidence of the Decision-Making Process-</i>	551
References Cited in the Editors' Introductions	583
