List of Figures	xi
1 Introduction	1
2 Methodological Foundations of Research	3
2.1 Qualitative and Quantitative Methods....."	3
2.2 A Longitudinal Study for This Publication.....	6
2.3 Research Design.....•	7
2.4 Empirical Research Targets.....	12
2.4.1 Research proposals derived from previous studies.....	12
2.4.2 Towards a time-based network approach.:	13
3 Internationalization Theories	17
3.1 The International Product Life-Cycle Theory.....	17
3.1.1 Internationalization based on the product life-cycle phase.....	17
3.1.2 Critical review of Vernon's theory.....	18
3.2 The Internalization Theory.....	19
3.2.1 The issue of transaction costs.....	19
3.2.2 Critical review of the internalization theory.....	21
3.3 The Eclectic Paradigm.....	21
3.3.1 Advantage categories.....,	21
3.3.2 Critical review of the eclectic paradigm.....	25
3.4 Location Theories.....	26
3.4.1 Historical foundations.....:	26
3.4.2 Location factors.....'	27
3.4.3 Questions related to market entry.....	31
3.4.4 Critical review of the location theories.....	32
3.5 The Diamond Model.....	32
3.5.1 The elements of the diamond.....	32
3.5.2 Critical review of the diamond model.....	36

3.6	The Uppsala Model of Internationalization.....	37
3.6.1	Incremental market entry through accumulated knowledge.....	37
3.6.2	State versus change aspects.....	38
3.6.3	Critical review of the Uppsala model.....	39
3.7	Network Theory of Internationalization.....	41
3.7.1	Contents of the systems approach.....	41
3.7.2	The impact of the resource-based view.....	42
3.7.3	Dynamic capabilities.....	44
3.7.4	The approach of Johanson and Mattsson.....	45
3.7.5	The concept of Johanson and Vahlne.....	47
3.7.6	Resource accumulation through experience and relationship learning.....	48
3.7.7	Critical review of the network systems positioning approach.....	49
3.7.8	Contents of new venture and entrepreneurship concepts.....	50
3.7.9	The dimension of time.....	53
3.7.10	Towards a conceptualized typology of international new ventures.....	57
3.7.11	The phenomenon of the 'born again global'.....	60
3.7.12	Individual and corporate entrepreneurship.....	61
3.7.13	Critical review of the new venture and entrepreneurial concepts.....	62
3.8	Summary.....	64
4	International Market Entry Strategies	71
4.1	About Strategy.....	71
4.2	Motives and the Process of Internationalization.....	72
4.3	Market Entry Modes.....	74
4.3.1	Indirect and direct export.....	74
4.3.2	Overseas branches.....	75
4.3.3	Contract manufacturing.....	76
4.3.4	Licensing.....	77
4.3.5	Franchising.....	78
4.3.6	Strategic alliances.....	79
4.3.7	International joint ventures.....	80
4.3.8	Turnkey contracts.....	84
4.3.9	Management contracts.....	84
4.3.10	Wholly owned subsidiary.....	86
4.4	Strategic Decision Determinants.....	88
4.4.1	Entry timing and proximity to the market.....	88
4.4.2	Degree of hierarchical control and investment risk.....	89
4.4.3	Market entry decision process.....	90
4.5	Summary.....	94

5	Case Studies	103
5.1	The European Television Set Market (1990-2011).....	103
5.1.1	Market developments.....	103
5.1.2	Industry environment.....	105
5.1.3	European industry cluster.....	107
5.1.4	Summary.....	109
5.2	Samsung.....	110
5.2.1	Company background.....	110
5.2.2	Management Philosophy.....	112
5.2.3	The network building of Samsung.....	114
5.2.4	Diversified growth strategy.....	117
5.2.5	The strategy of vertical integration.....	123
5.2.6	International business expansion.....	125
5.2.7	Global design and R&D networks.....	129
5.2.8	Summary.....	132
5.3	Sony.....	133
5.3.1	Company background.....	133
5.3.2	Conglomerate diversification network.....	134
5.3.3	Loss of core competencies in electronics.....	139
5.3.4	Access to LCD Technology through joint venture networks.....	141
5.3.5	Foreign direct investment- in Europe.....	143
5.3.6	Summary.....	144
5.4	Sharp.....	146
5.4.1	Company background.....	146
5.4.2	Technological pioneer in LCD technology.....	146
5.4.3	The investment in Loewe AG, Germany.....	153
5.4.4	FDI in central and eastern Europe (CEE).....	154
5.4.5	Summary.....	156
5.5	LG Electronics and Philips International Joint Ventures.....	157
5.5.1	Company background.....	157
5.5.2	The foundation of LG.Philips LCD.....	158
5.5.3	International network.....	161
5.5.4	Philips reduces its joint venture stake and may disappear?.....	166
5.5.5	The foundation of LG.Philips Displays.....	166
5.5.6	Synergies below expectations.....	167
5.5.7	LG.Philips Displays gets a new name.....	171
5.5.8	Summary.....	172
5.6	TCL China.....	174
5.6.1	Company background.....	174
5.6.2	Realization of the Chinese government order.....	176
5.6.3	TCL-Thomson Electronics (TTE) international joint venture.....	178

5.6.4	The gradual process towards the liquidation of TTE Europe.....	182
5.6.5	Summary.....	185
5.7	Matsushita (Panasonic).....	186
5.7.1	Company Background.....	186
5.7.2	The foundation of IPS Alpha Technology.....	191
5.7.3	FDI in Europe.....	192
5.7.4	Network structures.....	193
5.7.5	Summary.....	196
6	Towards a Time-based Network Approach	197
6.1	General Industry Networking Intensity (Industry Perspective).....	197
6.2	Network Systematization.....	199
6.2.1	Strategic resources for future competition.....	199
6.2.2	Deduction of firms' networking targets.....	201
6.2.3	Sharp.....	203
6.2.4	Matsushita (Panasonic).....	205
6.2.5	TCL China.....	208
6.2.6	LG Electronics and Philips (IJVs).....	209
6.2.7	Samsung.....	213
6.2.8	Sony.....	214
6.3	Firm's Bilateral Networking Intensity (Firm Perspective).....	215
6.3.1	A quantification of bilateral networking engagements.....	215
6.3.2	A weighted approach for the measurement of networking intensity.....	217
6.4	A Time-based Network Repositioning Model.....	222
6.4.1	Intra-Japanese firm networks and partner repositioning over time.....	222
6.4.2	Asian-European firm network partner repositioning over time.....	226
6.4.3	Networking success factors: A comparative overview.....	229
6.5	Higher Complexity of Market Entry Strategies.....	233
7	Conclusion	239
	Reference List	243
	Index	273
	Appendix	277
