Preface to the third edition ix ?

I. Professionals and Professional Service Firms

Introduction	17
Why are professional service firms interesting?	17
Professional services - a pragmatic definition	20
What is the role of professions?	25

II. What's Unique About Professional Service Firms?

<i>Why are they so special...or are they?</i>	32
Introduction	32
Are professional service firms different?	32
Challenges resulting from characteristics of the output: Intangible, idiosyncratic, innovative	36
Challenges resulting from the interaction: Simultaneity, information asymmetry, double moral hazard	38
Challenges resulting from characteristics of the inputs: Invisible assets and individual professionals	44
Why professional service firms are not like manufacturing firms	45

III. Managerial Challenges

<i>Why don't strict procedures and hierarchy work?</i>	54
Introduction	54
Managing "resources" that make their own decisions	54
The role of management in professional service firms	58
Why waste a good professional in management?	59
Part time management	62
The underdelegation problem	64
The danger of being too successful	67
Management as "herding cats"	68
The pros and cons of a cohesive culture	70
The tyranny of tangibles	71
Managing development spirals	72
Conclusions	73

IV. Strategic Management

Why bother with strategy when opportunities arise anyway? 75

Introduction 75

Why strategy has been underemphasized in most firms 76

Resource based strategic management: Background 79

Resource based strategic management: Main principles 81

Resource based strategic management: Categories of resources 84
