Contents

| Preface | | |
|---------|---|--|
| knov | wledgments | xi |
| Mat | thematical preliminaries | 1 |
| 0.1 | Solutions to Chapter 0 Exercises. | 1 |
| 0.2 | Supplemental Exercises | .11 |
| 0.3 | Solutions to Supplemental Exercises | .11 |
| Cal | culus review. Plain vanilla options. | 17 |
| 1.1 | Solutions to Chapter 1 Exercises | .17 |
| 1.2 | Supplemental Exercises. | .32 |
| 1.3 | Solutions to Supplemental Exercises | .33 |
| Nur | nerical integration. Interest Rates. Bonds. | 45 |
| 2.1 | Solutions to Chapter 2 Exercises | .45 |
| 2.2 | Supplemental Exercises | .57 |
| 2.3 | Solutions to Supplemental Exercises | .58 |
| Pro | bability concepts. Black-Scholes formula. Greeks and | |
| Hed | lging. | 63 |
| 3.1 | Solutions to Chapter 3 Exercises | .63 |
| 3.2 | Supplemental Exercises | .82 |
| 3.3 | Solutions to Supplemental Exercises | .83 |
| Log | gnormal variables. Risk-neutral pricing. | 91 |
| 4.1 | Solutions to Chapter 4 Exercises. | .91 |
| 4.2 | Supplemental Exercises. | .106 |
| 4.3 | Solutions to Supplemental Exercises. | .107 |
| | eface eknov Mat 0.1 0.2 0.3 Cal 1.1 1.2 1.3 Nui 2.1 2.2 2.3 Pro Hed 3.1 3.2 3.3 Log 4.1 4.2 4.3 | eface Exhowledgments Mathematical preliminaries 0.1 Solutions to Chapter 0 Exercises. 0.2 Supplemental Exercises. 0.3 Solutions to Supplemental Exercises. 0.3 Solutions to Supplemental Exercises. 1.1 Solutions to Chapter 1 Exercises 1.2 Supplemental Exercises. 1.3 Solutions to Supplemental Exercises. 1.4 Solutions to Supplemental Exercises. 1.5 Solutions to Chapter 2 Exercises. 2.1 Solutions to Chapter 2 Exercises. 2.2 Supplemental Exercises. 2.3 Solutions to Supplemental Exercises. 2.4 Supplemental Exercises. 2.5 Supplemental Exercises. 2.6 Supplemental Exercises. 2.7 Supplemental Exercises. 2.8 Solutions to Chapter 3 Exercises. 3.1 Solutions to Chapter 3 Exercises. 3.2 Supplemental Exercises. 3.3 Solutions to Supplemental Exercises. 3.3 Solutions to Chapter 4 Exercises. 4.1 Solutions to Chapter 4 Exercises. 4.2 |

| 5 | Тау | lor's formula. Taylor series. | 113 | |
|----|--|--|------|--|
| | 5.1 | Solutions to Chapter 5 Exercises | .113 | |
| | 5.2 | Supplemental Exercises | .124 | |
| | 5.3 | Solutions to Supplemental Exercises. | .126 | |
| 6 | Fin | ite Differences. Black-Scholes PDE. | 135 | |
| | 6.1 | Solutions to Chapter 6 Exercises | .135 | |
| | 6.2 | Supplemental Exercises. | .150 | |
| | 6.3 | Solutions to Supplemental Exercises | .151 | |
| 7 | Multivariable calculus: chain rule, integration by substitu- | | | |
| | tion | , and extrema. | 161 | |
| | 7.1 | Solutions to Chapter 7 Exercises | .161 | |
| | 7.2 | Supplemental Exercises | .171 | |
| | 7.3 | Solutions to Supplemental Exercises | .173 | |
| 8 | Lag | range multipliers. Newton's method. Implied volatil- | | |
| | ity. | Bootstrapping. | 179 | |
| | 8.1 | Solutions to Chapter 8 Exercises. | .179 | |
| | 8.2 | Supplemental Exercises. | .197 | |
| | *8.3 | Solutions to Supplemental Exercises | .198 | |
