Contents

| | | | |
|-----------------------------------------|-----------|--------------------------------------|-----|
| Imprint | 4 | Module | 44 |
| | | Grid | 44 |
| Preface | 5 | Dimensional coordination | 45 |
| | | Geometrical positioning of | |
| Introduction | 8 | structural and fit-out elements | 45 |
| | | Transport | 45 |
| | | Assembly | 47 |
| | | Joining | 47 |
| Part A History of prefabrication | 12 | Tolerances | 47 |
| Nomads and settled dwellers | 14 | | |
| Brickwork | 14 | | |
| Stone | 14 | Part C Structural system | 48 |
| Timber | 15 | Materials in system building | |
| The military and colonial expansion | 17 | Steel | 50 |
| Iron - the first systems | 18 | Timber | 51 |
| Prefabricated concrete construction | 21 | Concrete | 51 |
| Rationalisation, serial production, | | | |
| type standardisation and mass | | Frame systems | |
| housing construction | 22 | Steel frame systems | 55 |
| The prefabricated house - | | Timber frame systems | 61 |
| the modular building system | 25 | Concrete frame systems | 68 |
| Large span structural systems | 31 | | |
| Mega-structures and visions | 31 | Built examples in detail | |
| Industrial fabrication - "synonym | | Temporary House, Paris (F) | 72 |
| for progress" | 33 | House, Rotenburg (D) | 76 |
| Open structures | 34 | House, Phoenix (USA) | 78 |
| | | Demonstration house, Tosu-City (J) | 82 |
| | | House, Sakurajosui (J) | 86 |
| Part B Fundamentals | 38 | Extension, Priding (A) | 90 |
| Industrial prefabrication | 40 | House, Andelsbuch (A) | 92 |
| Site prefabrication and | | House, Gams (CH) | 96 |
| mobile production plants | 41 | Fashion center, Fukuoka (J) | 100 |
| Building methods | 41 | University institute, Grenoble (F) | 102 |
| Elements | 42 | Housing and office block, Kassel (D) | 106 |
| Type standardisation | 42 | | |
| System - building system | 42 | Panel systems | |
| Closed systems | 42 | Building with steel panels | 111 |
| Modular building systems | 43 | Building with timber panels | 114 |
| Open systems | 43 | Building with concrete panels | 119 |
| Semi-finished elements | 43 | Building with masonry panels and | |
| | | brickwork elements | 124 |

| | | | |
|---------------------------------------------------------|------------|-------------------------------------------------|------------|
| Built examples in detail | | Concrete facade systems | 204 |
| House, Sumvitg (CH) | 126 | Brickwork facade systems | 205 |
| House, Dalaas (A) | 128 | Natural stonework facade systems | 205 |
| Weekend house, Tokyo (J) | 132 | Plastic facade systems | 206 |
| Weekend house, Northport (USA) | 134 | | |
| House, Munchenbuchsee (CH) | 136 | Glazed grid shells | 208 |
| Carpentry works, Feldkirch (A) | 140 | Changes in the | |
| Technology centre, Munich (D) | 144 | planning process | 208 |
| Advertising agency, Munich (D) | 148 | Glazed single-skin steel grid shells | 209 |
| Winery, Flasch (CH) | 152 | | |
| Hotel management and catering school, Nivilliers (F) | 156 | Built examples in detail | |
| | | Westhafen Tower, Frankfurt/Main (D) | 214 |
| | | Office block, London (GB) | 216 |
| | | Uptown Munich (D) | 218 |
| | | Hotel, Tokyo (J) | 220 |
| | | Museum of Contemporary Art, Chicago (USA) | 222 |
| Room module systems | | | |
| Steel room module systems | 160 | | |
| Timber room module systems | 162 | | |
| Concrete room module systems | 163 | | |
| Built examples in detail | | | |
| Office block, Fellbach (D) | 164 | | |
| Residential and commercial block, Rathenow (D) | 168 | Part E Developments | 224 |
| Office building, Munich (D) | 172 | From industrial mass production | |
| Tomihiro Art Museum, Azuma (J) | 174 | to customised prefabrication | 226 |
| Pavilion, Venice (I) | 176 | Computer-assisted design | 226 |
| Loft, New York (USA) | 178 | Computer-assisted | |
| Cafe, Helsinki (FIN) | 180 | production processes | 227 |
| Hotel extension, Bezaú (A) | 182 | Construction robots | 228 |
| Prefabricated house from Denmark (DK) | 186 | User-specific customisation | 228 |
| Transportable living unit (D) | 190 | Digital construction systems | 229 |
| Nakagin Capsule Tower, Tokyo (J) | 192 | | |
| Part D Building envelopes | 194 | Appendices | 230 |
| Structural facades | 196 | Authors | 230 |
| Non-structural facades | 196 | Statutory instruments, directives, standards | 231 |
| Glass facade systems | 197 | Bibliography | 232 |
| Multi-layer glass facade and window systems | 198 | Illustration credits | 234 |
| Metal facade systems | 201 | Index of persons | 237 |
| Timber facade systems | 203 | Index | 238 |
