

Pearson International Edition

Object- Oriented Systems Analysis and Design

Noushin Ashrafi
Hessam Ashrafi

BRIEF CONTENTS

PART I: THE FOUNDATIONS 1

- Chapter 1 Information Systems 1
- Chapter 2 The Concept of Object Orientation 30
- Chapter 3 Methodology 54

PART II: ANALYSIS 101

- Chapter 4 Gathering Requirements 101
- Chapter 5 Domain Analysis 145
- Chapter 6 Behavioral Modeling I: Use Cases: The Basics 181
- Chapter 7 Behavioral Modeling II: Developing Use Cases 206
- Chapter 8 Structural Modeling 248
- Chapter 9 Dynamic Modeling 293

PART III: DESIGN 335

- Chapter 10 The Design Challenge 335
- Chapter 11 Application Design I: Flow & Control 368
- Chapter 12 Application Design II: The User Interface 399
- Chapter 13 Application Design III: Database & Persistence 441
- Chapter 14 Patterns 496
- Chapter 15 Components & Reuse 516
- Chapter 16 Architecture 542
- Chapter 17 Implementation 581
