

Pearson New International Edition

Fundamentals of Database Systems
Ramez Elmasri Shamkant Navathe
Sixth Edition

Table of Contents

1. Databases and Database Users Ramez Elmasri/Shamkant Navathe	1
2. Database System Concepts and Architecture Ramez Elmasri/Shamkant Navathe	27
3. The Relational Data Model and Relational Database Constraints Ramez Elmasri/Shamkant Navathe	55
4. Basic SQL Ramez Elmasri/Shamkant Navathe	82
5. More SQL: Complex Queries, Triggers, Views and Schema Modification Ramez Elmasri/Shamkant Navathe	115
6. The Relational Algebra and Relational Calculus Ramez Elmasri/Shamkant Navathe	148
7. Data Modeling Using the Entity-Relationship (ER) Model Ramez Elmasri/Shamkant Navathe	201
8. The Enhanced Entity-Relationship (EER) Model Ramez Elmasri/Shamkant Navathe	246
9. Relational Database Design by ER- and EER-to-Relational Mapping Ramez Elmasri/Shamkant Navathe	287
10. Practical Database Design Methodology and Use of UML Diagrams Ramez Elmasri/Shamkant Navathe	309
II. Object and Object-Relational Databases Ramez Elmasri/Shamkant Navathe	357
12. XML: Extensible Markup Language Ramez Elmasri/Shamkant Navathe	420
13. Introduction to SQL Programming Techniques Ramez Elmasri/Shamkant Navathe	454

14. Web Database Programming Using PHP Ramez Elmasri/Shamkant Navathe	490
15. Basics of Functional Dependencies and Normalization for Relational Databases Ramez Elmasri/Shamkant Navathe	508
16. Relational Database Design Algorithms and Further Dependencies Ramez Elmasri/Shamkant Navathe	550
17. Disk Storage, Basic File Structures, and Hashing j Ramez Elmasri/Shamkant Navathe	588
18. Indexing Structures for Files Ramez Elmasri/Shamkant Navathe	636
19. Algorithms for Query Processing and Optimization Ramez Elmasri/Shamkant Navathe	684
20. Physical Database Design and Tuning Ramez Elmasri/Shamkant Navathe	733
21. Introduction to Transaction Processing Concepts and Theory Ramez Elmasri/Shamkant Navathe	747
22. Concurrency Control Techniques Ramez Elmasri/Shamkant Navathe	780
23. Database Recovery Techniques Ramez Elmasri/Shamkant Navathe	810
24. Database Security Ramez Elmasri/Shamkant Navathe	836
25. Distributed Databases Ramez Elmasri/Shamkant Navathe	877
26. Enhanced Data Models for Advanced Applications Ramez Elmasri/Shamkant Navathe	929
27. Introduction to Information Retrieval and Web Search Ramez Elmasri/Shamkant Navathe	992
28. Overview of Data Warehousing and OLAP . Ramez Elmasri/Shamkant Navathe	1034
Appendix: Alternative Diagrammatic Notations for ER Models Ramez Elmasri/Shamkant Navathe	1050
Appendix: Parameters of Disks Ramez Elmasri/Shamkant Navathe	1054
Appendix: Overview of the QBE Language Ramez Elmasri/Shamkant-Navathe	1058
