CONTENTS

Introduction: The Journey into Open Innovation xiii

Charles H. Noble

SerdarS. Durmusoglu

PART 1: OPEN INNOVATION IN THE FUZZY FRONT END **1**

1 DE-BOTTLENECKING OPEN INNOVATION: TURNING PATENT-BASED TECHNOLOGY NETWORK ANALYSIS INTO VALUE **3**

Manfred Stadlbauer

Gerhard Drexler

1.1 Methods of Patent Analysis and Data Mining 3

1.2 Patent Analytics for Identifying Open Innovation Partners 12

1.3 Nanotechnology Case Study 18

1.4 Conclusion 24

2 OPEN FORESIGHT WORKSHOPS FOR OPPORTUNITY IDENTIFICATION **27**

Christiane Rau

Fiona Schweitzer

Oliver Gassmann

2.1 Corporate Foresight Workshops and Processes 28

2.2 Opening Up the Foresight Process 30

2.3 Stages of Opening Up the Foresight Process 32

2.4 Pitfalls to Avoid 45

2.5 Keys to Success 46

2.6 Conclusion 50

PART 2: OPEN INNOVATION IN THE DEVELOPMENT STAGE **53**

3 KEEPING UP WITH THE VIRTUAL VOICE OF THE CUSTOMER—SOCIAL MEDIA APPLICATIONS IN PRODUCT INNOVATION **57**

Anna Dubiel
Tim Oliver Brexendorf
Sebastian Glockner

- 3.1 Introduction 57
- 3.2 The Voice of the Virtual Customer 59
- 3.3 The Social Media Phenomenon 59
- 3.4 Social Media in New Product Development 62
- 3.5 Success Factors 76
- 3.6 Conclusion 78

4 PREDICTION, PREFERENCE, AND IDEA MARKETS: HOW CORPORATIONS CAN USE THE WISDOM OF THEIR EMPLOYEES **81[^]**

Peter Koen

- 4.1 Introduction 81
- 4.2 Virtual Stock Markets in Corporations: Prediction, Preference, and Idea Markets 83
- 4.3 How Well Do Prediction, Preference, and Idea Markets Work in Corporations? 89
- 4.4 Implementing a Stock Market in Corporations 95
- 4.5 Choosing a Virtual Stock Market Software Platform 108

4.6 Conclusions 103

About the Contributor 105

**CATALYZING TACIT KNOWLEDGE EXCHANGE
WITH VISUAL THINKING TECHNIQUES TO
ACHIEVE PRODUCTIVE OPEN INNOVATION
COLLABORATIONS**

107

Karen A. Kreutz

Kim D. Benz

5.1 Introduction 107

5.2 Visual Thinking Introduction 109

5.3 Visual Thinking and Open Innovation Endeavors 114

5.4 Understanding the Tacit Knowledge Exchange Challenges 117

5.5 Using Visual Thinking in 01 Teams 122

5.6 Conclusions 129

**USER COLLABORATION THROUGH PRIVATE
ONLINE COMMUNITIES**

135

Thomas Troch

Tom De Ruyck

6.1 Introduction 135

6.2 From Crowd-Everything to Co-Everything 136

6.3 Crowdsourcing, Co-creation, and Structural Collaboration 137

6.4 Private Online Communities 138

6.5 How to Get Started with Private Online Communities 153

6.6 Conclusion 169

**PART 3: OPEN INNOVATION WITH
UNIVERSITIES** **173**

7 COLLABORATIVE INNOVATION ACROSS INDUSTRY-
ACADEMY AND FUNCTIONAL BOUNDARIES: HOW
COMPANIES INNOVATE WITH INTERDISCIPLINARY
FACULTY AND STUDENT TEAMS **175**

Jelena Spanjol

Michael J. Scott

Stephen Melamed

Albert L. Page

Donald Bergh

Peter Pfanner

7.1 Introduction 176

7.2 The IPD Model Resolving Major Open
Innovation Challenges 177

7.3 Concept Prototypes: Virtual and Physical 194

7.4 Conclusion 199

Appendix A 200

Appendix B 201

Appendix C 212

Appendix D 214

Appendix E 218

About the Contributors 222

8 OPEN INNOVATION: A FRAMEWORK FOR
COLLABORATIVE PRODUCT DEVELOPMENT BETWEEN
INDUSTRY AND UNIVERSITIES **225**

Aruna Shekar

8.1 Introduction 225

8.2 Open Innovation Program 226

8.3 A Framework for Open Innovation between University and Industry	227
8.4 An Example of an Open Innovation Project	234
8.5 What Industry Partners Can Expect from Open Innovation Projects	237
8.6 Challenges in University-Industry Collaborations	239
8.7 Company Feedback from Industry Partners	240
8.8 Keys to Success	240
8.9 Pitfalls to Avoid	242
8.10 Benefits of the Open Innovation Program	243
8.11 Conclusions	243
About the Contributor	244
Appendix A	246
Appendix B	248
Appendix C	253
Appendix O	254

PART 4: OPEN INNOVATION FOR REALLY BIG INITIATIVES 257

9 OPEN INNOVATION AS A DISCOVERY SOLUTION FOR CONFRONTING THE EXTRAORDINARY CHALLENGE 259

Christopher W. Miller

9.1 Surfing on Innovation Impact Waves: The Source of the Really Big Problem	260
9.2 Process, Purpose, and Payoff	260
9.3 Conclusion	276

PART 5: BEST PRACTICES AND ADVICE FOR OPEN INNOVATION **279**

10 HOW TO WORK WITH SMALL COMPANIES TO EXPAND YOUR OPEN INNOVATION CAPABILITIES **281^**

Donna Rainone

Mike Rainone

Louise Musial

10.1 Introduction 281

10.2 Definitions 282

10.3 Background of Open Innovation 283

10.4 Two Paths: The Intraprenurial Organization versus the Outsourced Organization 284

10.5 How to Build Entrepreneurship within a Large Corporation 288

10.6 Why Working With Small Companies Is Important 293

10.7 Conclusion 295

11 BOOSTING OPEN INNOVATION BY LEVERAGING BIG DATA **299**

Gerhard Drexler

Andrej Duh

Andreas Kornherr

Dean KoroSak

11.1 Open Innovation and Big Data 299

11.2 Big Data Applications in Today's World 306

11.3 Big Data Analytics in Action 308

11.4 Keys to Success and Pitfalls to Avoid 313

11.5 Conclusions 315

12	AMERICAN PRODUCTIVITY AND QUALITY CENTER BEST PRACTICES STUDY: USING OPEN INNOVATION TO GENERATE IDEAS	319
	<i>Christopher W. Miller</i>	
	<i>G. Anne Orban</i>	
	<i>Becky Partida</i>	
	<i>Andrea Stroud</i>	
	<i>Paige Leavitt</i>	
12.1	Open Innovation Best Practices Study	320
12.2	Open Innovation Best Practices	321
12.3	Eleven Best Open Innovation Practices	322
12.4	Open Innovation Enablers	333
12.5	Conclusion	337
	INDEX	339
