Architecture and Urbanism

1991 August Extra Edition

Lebbeus Woods

Terra Nova 1988-1991

- 4 Editors Introduction
- 6 Acknowledgements
Lebbeus Woods
- 8 Criticism:
Lebbeus Woods: Materialist Experiments and Experiences
Aaron Betsky
- 20 Essay: Terra Nova
Lebbeus Woods
- 32 UNDERGROUND BERLIN (1988)
Designs for a community beneath the center of divided Berlin beginning as a new culture of earth forces and experimental living.
- 62 AERIAL PARIS (1989)
Designs for a community in the airspace above Paris, as an "aerial circus" of individual performers and their aerial habitations.
- 90 METRICAL INSTRUMENTS (1989)
Metal constructions for the measurement of light by architectonic principles and means; precise geometrical and material qualities and relationships.
- 92 DMZ (1988-1989)
Designs for the reformation of the earth in the mountainous regions of the Korean Peninsula, as a "second nature."
- 110 SOLOHOUSE (1988-1989)
Design for a house for one person, comprised of a single, modulated space.
- 122 STATIONS (1990)
Studies of habitable structures emerging from fields of light and energy of an as yet undetermined nature.
- 130 BERLIN-FREE-ZONE (1990)
Designs for the reconstruction of the re-united Berlin center, as a heterarchical network of autonomous Freespaces.
- 158 ZAGREB-FREE-ZONE (1991)
Designs for the tripartite city of Zagreb, as a heterarchical network of mobile Freespace structures.
- 168 Biography of Lebbeus Woods
- 170 List of the Recent Selected Projects

Book design : Lebbeus Woods

Front cover, reverses of the covers : Aerial Paris

Back cover : Underground Berlin
