Headlines 31

The efficiency of the market 32

When markets are not efficient 35

Distributional concerns 39

Efficient provision of public goods 40

Application to state and local governments 43

Application 2.1: Public and private provision of public safety 44

Summary 46

Discussion questions 47

Notes 48

Selected readings 48

PART II

Public choice and fiscal federalism

3. Demand for state and local government goods and services

Headlines 51

Understanding and measuring demand 52

Evidence about demand for state-local services 57

Application 3.1: Business demand for government service 65

Summary 66

Appendix: Using elasticity to characterize demand 67

Discussion questions 70

Notes 71

Selected readings 72

4. Public choice without mobility: voting

Headlines 73

Fiscal choices 73

Majority voting 76

Alternative voting methods 82

Application 4.1: Voting for public school budgets 86

Summary 87

Appendix: Indifference curve approach to voting models 88

Discussion questions 90

Notes 91

Selected readings 92

5. Public choice through mobility

Headlines 93

The Tiebout hypothesis 94

Evaluation of the Tiebout model 96

Extensions of the Tiebout model 101

Public choice: Evidence 106

Summary 107

Discussion questions 108

Notes 109

Selected readings 110

6. Organization of subnational government

Headlines 111

Economic issues of fiscal federalism 112

Optimal government size 116

*International comparison: Government structure in
four federal nations* 120

Policy applications and cases 121
Summary 125
Discussion questions 126
Notes 127

Selected readings 127

PART III

Provision of state and local goods and services

7. Budgeting and fiscal outcomes

Headlines 131
Fiscal results 132
Application 7.1: The Great Recession and state-local fiscal responses 135
Budgeting process: Schedule and rules 138
Tax and expenditure limits 151
Summary 157
Discussion questions 158
Notes 159
Selected readings 159

8. Costs and production of state and local goods and services

Headlines 160
Measurement and production of government services 161
Application 8.1: The pension funding crisis 167
Productivity and costs 169
Application 8.2: Technology, productivity, and public safety 175
Private provision of public services 177
Application 8.3: Changing criminal justice policy in response to costs 182
Summary 183
Discussion questions 184
Notes 184
Selected readings 185

9. Pricing of government goods: User charges

Headlines 186
Types and use of charges 188
Theory of user charges 190
Application 9.1: Pricing at congested tennis courts 199
Application 9.2: Parking fees and parking meters 200
Application of user charges 200

x Contents

International comparison 208
Summary 209
Discussion questions 210
Notes 211
Selected readings 212

10. Intergovernmental grants

213

Headlines 213
Grants in the U.S. fiscal system 213
Purposes of grants 219
Types of grants 220
Fiscal effects of grants: Economic theory 222
Fiscal effects of grants: Evidence 229
Is grant money different than tax money? 231
Intergovernmental grant policy 233
Application 10.1: American Recovery and Reinvestment Act (ARRA) 235
International comparison: Grants in major federal nations 237
Summary 239
Appendix: Indifference curve analysis of grants 240
Discussion questions 241
Notes 242
Selected readings 242

11. Borrowing, debt, and capital investment

244

Headlines 244
Borrowing and debt 244
Capital investment 251
Tax exemption for state and local bond interest 256
Policy issues 267
Application 11.1: Financing for sports facilities 273
Summary 274
Discussion questions 275
Notes 276
Selected readings 276

PART IV

Revenue for state and local governments

277

12. Principles of tax analysis

279

Headlines 279
The economic issues: Incidence and efficiency 279
Single-market tax analysis 282

Multimarket tax analysis 290
Application 12.1: State diesel fuel taxes—multimarket analysis in practice 294
Summary 296
Discussion questions 296
Appendix: Indifference curve analysis of tax efficiency 297
Notes 299
Selected readings 299

13. The property tax: institutions and structure **300**

Headlines 300
Reliance on property taxes 301
The property tax process 303
Property assessment 310
Application 13.1: Opportunity cost and the value of leased commercial property 316
Property tax relief or reduction measures 317
Application 13.2: Payments-in-lieu-of-taxes 327
Summary 329
Discussion questions 330
Notes 331
Selected readings 332

14. Property tax: economic analysis and effects **333**

Headlines 333
Property taxes as capital taxes 334
Is the property tax regressive? 343
An alternative perspective: The benefit view 346
Land value taxation 347
Voting on property taxes 349
Summary 354
Discussion questions 354
Notes 355
Selected readings 356

15. Sales and excise taxes **357**

Headlines 357
Reliance on consumption taxes 358
Consumption tax structure issues 362
Application 15.1: Sales taxes on services 367
Economic analysis: efficiency 374
Application 15.2: E-commerce, remote sales, and state taxation 380
Application 15.3: Cigarette taxes, smuggling, and use **383**
Economic analysis: Equity 385

xii Contents

Summary 389
Discussion questions 389
Notes 390
Selected readings 391

16. Income taxes

392

Headlines 392
Reliance on income taxes 393
Income tax structure issues 394
Application 16.1: State income taxation of nonresidents 403
Economic analysis: Efficiency and equity 404
Application 16.2: State income taxation, progressivity, and mobility 408
Application 16.3: State income taxation and an aging population 410
The choice of state tax structure 413
International comparison: Types of subnational government taxation 417
Summary 417
Discussion questions 420
Notes 421
Selected readings 422

17. Business taxes

423

Headlines 423
Reliance on business taxes 424
Application 17.1: Tax avoidance through holding companies 426
Business tax structure issues 427
Economic analysis: Efficiency and equity 436
Application 17.2: Discriminatory business taxes: The insurance case 443
Summary 444
Discussion questions 445
Notes 446
Selected readings 446

18. Revenue from government monopoly and regulation

447

Headlines 447
Economics of government monopoly 448
Application 18.1: The official of your city 453
Operation of government monopoly 455
Application 18.2: Expansion of state gambling: Internet and sports betting 471
Application 18.3: METOO-1: Personalized and specialty license plates 472
Summary 474
Discussion questions 475

Notes 476

Selected readings 477

PART V

Applications and policy analysis 479

19. Education 481

Headlines 481

Education environment 482

Intergovernmental grants for financing education 492

*Application 19.1: State attempts to reform education
finance—the Michigan case SOI*

Producing education S04

Application 19.2: School size and performance 512

Assessing educational results 514

*Application 19.3: No Child Left Behind vs. Common Core
standards 519*

International comparison 521

Summary 526

Discussion questions 527

Notes 528

Selected readings 528

20. Transportation 530

Headlines 530

Financing transportation: Current practice 531

*International comparison: Differences in transportation
modes and facilities 537*

*Financing transportation: Theoretical issues and alternative
practices 538*

Application 20.1: Alternatives to gasoline taxes 548

Optimal transportation pricing 551

Application 20.2: Transportation policy: A state or local function? 559

Application 20.3: Allocating transportation funds 560

Summary 562

Discussion questions 563

Notes 563

Selected readings 564

21. Health and welfare 565

Headlines 565

Poverty and health care in the United States 566

xiv Contents

Magnitude of health and welfare expenditures 571
Financing welfare and health care services: Major current programs 573
Financing health care and welfare services: Policy and structural issues 589
International comparison: Providing health care services 598
Summary 600
Discussion questions 601
Notes 603
Selected readings 604

22. Economic development

Headlines 606
Interstate differences in economic conditions 607
Interstate differences in fiscal policy 612
Application 22.1: Enterprise zones 622
Effects of fiscal factors: Theory 623
Effects of fiscal factors: Evidence 628
Policy issues 633
Application 22.2: Business climate studies and rankings 635
Application 22.3: Subsidizing sports for economic development 637
Application 22.4: Assembling land for public use 639
Summary 641
Discussion questions 641
Notes 642

Selected readings 643
