Per Davidsson

Researching Entrepreneurship

Conceptualization and Design

Second Edition

Contents

ì	Wha	at Is En	trepreneurship?	
	1.1	On the	e Variety of Definitions and Views of Entrepreneurship	
	1.2	My Pr	oposed View of the Entrepreneurship Phenomenon	
		1.2.1	New Offer as Entrepreneurship	
		1.2.2	New Competitor as Entrepreneurship	
		1.2.3	Geographical Market Expansion as Entrepreneurship	1
		1.2.4	Organizational and Ownership Changes Are Not	
			Entrepreneurship	1
		1.2.5	Business as Usual and Non-entrepreneurial Growth	1
		1.2.6	Entrepreneurship as Microlevel Behavior	
			with Macrolevel Implications	1
		1.2.7	Degrees of Entrepreneurship?	1
	1.3	Summ	ary and Conclusion	1
	Refe	rences.		1
2	Ent	ren rene	eurship as a Research Domain	2
_	2.1	-	Distinguish Between the Phenomenon and the Domain?	-
	2.2		ous Attempts at a Domain Delineation	2
	2.3		aggested Domain Delineation	2
	5	2.3.1	Uncertainty, Heterogeneity, and Disequilibrium	2
		2.3.2	Processes of Emergence; Behaviors in the Interrelated	
			Processes of Discovery and Exploitation	-
		2.3.3	Real or Induced and Completed as well as Terminated	
		2.3.4	Across Organizational Contexts	
		2.3.5	New Economic Ventures; New Venture Ideas	,
			and Their Contextual Fit	
		2.3.6	Actors (or Agents)	
		2.3.7	Antecedents and Outcomes on Different Levels	
			of Analysis	-
	2.4	Sumn	nary and Conclusion	,
	Refe			
-				
3			called "Theory"	4
	3.1			4
	3.2	i neor	y Is No Mystery	4

	3.3 3.4		eed for Abstraction and Understanding	44 51
	3.4	3.4.1	Theory as Guide to Research Design	
			•	٠.
		3.4.2	and Analysis Mark I: The Theory Test	
		3.4.2		51
			Theory as Guide to Research Design	
			Mark II: Understanding the Phenomenon	
			Through an Eclectic Framework	55
		3.4.3	Theory as Tool for Interpretation: The Theory Test	57
		3.4.4	Theory as Tool for Interpretation:	
			The Eclectic Framework Approach	59
		3.4.5	Theory as Tool for Interpretation: Post Hoc Theorizing	60
		3.4.6	Is It the Theory or the Data That Is Supported	
			or Should Be Rejected?	62
	3.5	Do We	e Need Specific Entrepreneurship Theory?	62
	3.6		ense Speech by a Proud Nonbeliever	64
	3.7		nary and Conclusion	68
				69
4			sign Issues	75
	4.1		g Started at Last	75
	4.2		We Are Trying to Do When Doing "Research"	76
		4.2.1	The World About Which We Wish to Know and Tell	76
		4.2.2	Our Study	79
	4.3	-	itative" and "Quantitative" Studies	84
		4.3.1	"Quantitative" vs. "Qualitative":	
			A Confused Distinction	84
		4.3.2	Bad Research Practices: Addressing "Quantitative"	
			Questions with "Qualitative" Research and Dressing	
			Up Your "Quantitative" Research in Stolen Outfits	87
		4.3.3	The Best of Both Worlds	90
	4.4	Entrep	preneurship Research as the Study	
		of Pro	cesses of Emergence of New Ventures	90
	4.5		Words About Levels of Analysis	93
	4.6		ng with Heterogeneity in Design	95
	4.7	Desig	n Pros and Cons of Different Types of Data	99
		4:7:1	Primary Survey Data	99
		4.7.2	Archival or Secondary Data	101
		4.7.3	Laboratory Research and Field Experiments	103
		4.7.4	Qualitative Process Research	105
	4.8	Summ	nary and Conclusion	106
	Refe	erences.	·	107
5	Sor	mlina a	and Case Selection Issues	115
J	5.1		ferent Look at Sampling	115
	2.1	5.1.1	Social Science Is Not Opinion Polls	116
		5.1.1	Judgment, Empirical Ubiquity,	111
		J.1.2	and Theoretical Polevence	110

	5.2	Sampling Individuals	120
	5.3	Sampling Emerging New Ventures	122
		5.3.1 Identifying an Eligible Sample of On-Going	
		Independent Venture Start-Ups	122
		5.3.2 Sampling Ongoing Internal Venture Start-Ups	127
	5.4	Sampling Firms	129
		5.4.1 Size, Size Distribution, and Heterogeneity	
		Along Other Dimensions	130
		5.4.2 Relevance	132
	5.5	Sampling Industries (or Populations)	137
		5.5.1 Size, Size Distribution, and Heterogeneity	
		Along Other Dimensions	139
		5.5.2 Relevance	141
	5.6	Sampling Spatial Units	142
		5.6.1 Relevance	143
		5.6.2 Size, Size Distribution, and Heterogeneity	
		Along Other Dimensions	145
	5.7	Sampling Other Units of Analysis	148
	5.8	Summary and Conclusions	148
	Refe	rences	148
6	One	rationalization Issues	155
۰	6.1	A 90-Degree Turn	155
	6.2	On Course Toward Validity	158
	6.3	Different Approaches to Operationalization	165
	6.4	Taking Validity Seriously	167
	6.5	Some Balancing Exercises	170
	6.6	Entrepreneurship-Specific Operationalization Challenges	173
	0.0	6.6.1 Operationalizing Effectuation and Bricolage	173
		6.6.2 Operationalizing Novelty	178
		6.6.3 Operationalizing Entrepreneurial Action	181
	6.7	Operationalization Issues on Aggregate Levels	187
	6.8	Summary and Conclusion	188
		erences	189
_			
7		Dependent Variable	195
	7.1	Levels and Stages	195
	7.2	Dependent Variables on the Individual Level	197
	7.3	Dependent Variables on the Venture Level	200
	7.4	Dependent Variables on Aggregate Levels of Analysis	205
	7.5	Research on Job Creation	207
	7.6	Summary and Conclusion	211
	Kele	erences	212
8	The	Entrepreneurship Nexus	217
	8.1	Killing a Darling	217
	8.2	The Allure of "Entrepreneurial Opportunity"	220

xìv Contents

8.4 The Merits and Impossibilities of "Objective Opportunities" 226 8.4.1 Objective Opportunity as a Theoretical Construct and Assumption 226 8.4.2 Objective Opportunity as an Object of Empirical Research 228 8.4.3 Why "Opportunity" Is the Wrong Nexus Partner, Anyway 230 8.4.4 Why Other Notions of "Opportunity" 232 8.5 Instead 234 8.5.1 Requirements for Conceptual Clarity 234 8.5.2 External Enablers 235 8.5.3 New Venture Ideas 239 8.5.4 Opportunity Confidence 240 8.6 Summary and Conclusion 241 References 242 9 The Power of Replication 247 9.1 Sampling and Significance Testing Revisited 247 9.1 Statistical Significance as Statistical Nonsense 248 9.1.2 Naïve Belief in Fishermen/Women and Their Stories 255 9.2 Replicating Others 261 9.3 Replicating Yourself 270 9.5 Some Encouraging Signs 277 9.6
