LONDON AND NEW YORK

Contents

<i>List of figures</i>	vii
<i>List of tables</i>	viii
<i>Preface</i>	ix
1 Understanding and classifying different types of mergers and acquisitions	1
2 Historical trends in mergers and acquisitions, and why employees think of them as scary events involving job losses and other negative outcomes	14
3 Psychobiology of human emotions, why employees experiencing mergers or acquisitions feel fear, anger, and other negative emotions, and a new assessment toolkit	27
4 What makes employees support or resist a merger or acquisition, and what makes them want to quit?	51
5 Why employees experiencing mergers and acquisitions think and act in terms of group dynamics of “us versus them”	71
6 Why cultural differences in nonverbal language and workplace interactions create problems among employees experiencing mergers and acquisitions	85
7 Good leadership in mergers or acquisitions is about charisma, dynamics with employees, personality, context, and information processing	99

8	Organizational learning is a common goal in mergers and acquisitions, but what psychological processes help or hinder it?	124
9	Considering occupational health and safety in due diligence for mergers and acquisitions - learning from lawsuits about cancer mortality	138
