

Knowledge Management in Theory and Practice

fourth edition

Kimiz Dalkir

**The MIT Press
Cambridge, Massachusetts
London, England**

Contents

1	Introduction to Knowledge Management	1
	Introduction	2
	What Is Knowledge Management?	3
	<i>Multidisciplinary Nature of KM</i>	4
	<i>The Two Major Types of Knowledge: Tacit and Explicit</i>	6
	Concept Analysis Technique	7
	History of KM	10
	Why Is KM Important Today?	14
	KM at Three Levels (and Beyond)	17
	Note	17
	References	17
2	Knowledge Management Processes	21
	Introduction	22
	Major Approaches to the KM Cycle	23
	<i>Meyer and Zack</i>	23
	<i>Bukowitz and Williams</i>	25
	<i>McElroy</i>	26
	<i>Wiig</i>	29
	<i>Carlile and Rebentisch</i>	32
	<i>Evans, Dalkir, and Bidian</i>	33
	Integration of Evans, Dalkir, and Bidian KMC with Innovation Cycle	35
	An Integrated KM Cycle	37
	References	41
3	Knowledge Management Models	43
	Introduction	43
	The Classics: Pioneering KM Models	44
	<i>Von Krogh, Roos, and Kleine Model of Organizational Epistemology</i>	44
	<i>Nonaka and Takeuchi Knowledge Spiral Model</i>	45

	<i>Choo Sense-Making KM Model</i>	48
	<i>Wiig Model for Building and Using Knowledge</i>	50
	<i>Boisot I-Space KM Model</i>	54
	<i>Complex Adaptive System Models of KM</i>	56
	Knowledge-Sharing KM Models	59
	<i>McAdams and McCreedy KM Model</i>	59
	<i>Wang and Noe Knowledge-Sharing Model</i>	60
	KM Strategy Models	62
	<i>Hansen, Nohria, and Tierney Model</i>	62
	<i>Stankosky and Baldanza KM Pillars Model</i>	62
	Intellectual Capital Models	62
	The Phronesis Model	64
	References	68
4	Knowledge Capture and Codification	71
	Introduction	71
	Tacit Knowledge Identification	73
	<i>Different Types of Tacit Knowledge</i>	74
	Tacit Knowledge Capture	76
	<i>Tacit Knowledge Capture at the Individual and Group Levels</i>	77
	<i>Tacit Knowledge Capture at the Organizational Level</i>	94
	Summary of Tacit Knowledge Elicitation	98
	Explicit Knowledge Codification	98
	<i>Cognitive Maps</i>	100
	<i>Decision Trees</i>	101
	<i>Knowledge Taxonomies</i>	102
	Notes	112
	References	112
5	Knowledge Sharing	117
	Introduction	118
	The Social Nature of Knowledge	122
	Knowledge Networks	124
	Sociograms and Social Network Analysis	126
	Expertise Locator Systems	129
	Knowledge-Sharing Communities	129
	<i>Types of Communities</i>	132
	<i>Roles and Responsibilities in Communities and Networks</i>	134
	<i>Knowledge Sharing in the Virtual Workplace</i>	137
	How to Select the Knowledge-Sharing Approach	140
	Other Ways of Sharing Knowledge	142
	The Role of KM Technologies	144

Obstacles to Knowledge Sharing	147
<i>The Undernet</i>	148
Knowledge Sharing and Misinformation	149
Organizational Learning and Social Capital	153
Measuring the Value of Social Capital	154
Note	156
References	156
6 Finding Knowledge	163
Introduction	164
Knowledge Application at the Individual Level	166
<i>Characteristics of Individual Knowledge Workers</i>	166
<i>Bloom's Taxonomy of Learning Objectives</i>	170
<i>Task Analysis and Modeling</i>	174
Knowledge Application at the Group and Organizational Levels	177
<i>Knowledge Retrieval versus Knowledge Finding</i>	180
<i>Knowledge Reuse</i>	184
KM and Information Technology Systems	186
KM and Archival and Records Management	188
Note	190
References	191
7 Organizational Culture	195
Introduction	195
Organizational Culture Analysis	199
Culture at the Foundation of KM	202
The Effects of Culture on Individuals	205
Transformation to a Knowledge-Sharing Culture	207
What Does a Successful KM Culture Look Like?	213
Impact of a Merger on Culture	213
Impact of Virtual Work on Culture	215
KM and Change: Can or Should KM Change Organizational Culture?	216
Note	217
References	217
8 Knowledge Management Tools	221
Introduction	222
Knowledge Capture and Creation Tools	223
<i>Big Data, Data Mining, Knowledge Discovery, and Analytics</i>	224
<i>Visualization Tools and Knowledge Maps</i>	229
<i>Videos for Exit Interviews</i>	234
<i>Content Management Tools</i>	234

<i>Folksonomies and Social Tagging or Bookmarking</i>	235
<i>Cloud Computing Technologies</i>	237
Knowledge Sharing and Dissemination Tools	238
<i>Social Media</i>	240
<i>Knowledge Repository</i>	242
Knowledge Acquisition and Application Tools	245
<i>Personal KM</i>	247
<i>Adaptive Technologies</i>	248
Notes	248
References	248
9 Knowledge Management Strategy and Planning	253
Introduction	253
Developing a KM Strategy	255
Knowledge Audit	259
Organizational Maturity Models	262
<i>KM Maturity Models</i>	264
<i>Community of Practice Maturity Models</i>	267
Gap Analysis	268
The KM Strategy Road Map	272
The ISO 30401 KM Standard	275
KM Governance and Leadership	276
<i>Balancing Innovation and Organizational Structure</i>	279
Note	282
References	282
10 Evaluating Knowledge Management	285
Introduction	285
Intangible Assets, Return on Investment, and Metrics	289
Benchmarking Method	290
Balanced Scorecard Method	293
House of Quality Method	296
Results-Based Assessment Framework	298
Measuring the Success of Knowledge Networks	300
Best Practices in KM Metrics	301
References	304
11 Organizational Learning and Organizational Memory	307
Introduction	307
How Do Organizations Learn and Remember?	308
Management of Organizational Memory	310

Organizational Learning	313
Lessons Learned Process	315
<i>Methods for Managing Lessons Learned</i>	317
<i>Lessons Learned Systems</i>	318
<i>Benefits of Lessons Learned</i>	320
Some Challenges	321
Some Success Stories	323
Assessment Frameworks	325
Notes	328
References	328
12 Knowledge Continuity Management	331
Introduction	331
KCM Process	334
Identifying Critical Knowledge	335
Selecting the KCM Strategy	339
A Three-Tiered Approach to Knowledge Continuity	344
Success Factors for KCM	347
Challenges for KCM	349
Concluding Thought	350
Notes	350
References	351
13 The Knowledge Management Team	353
Introduction	354
Major Categories of KM Roles	356
<i>Senior Management Roles</i>	358
<i>KM Team Roles and Responsibilities within Organizations</i>	360
<i>KM Job Titles</i>	361
The KM Profession	361
<i>Where Does KM Belong in the Organization?</i>	362
<i>The Ethics of KM</i>	364
<i>KM Values and Professionalism</i>	365
Note	367
References	367
14 Future of Knowledge Management and Concluding Thought	369
Note	375
References	375
Index	377
